

Software Engineering (CS302)

Group rules and regulations

Group No. 8

Group Leader: Kamal Awasthi (201451072)

Group Rules:

- All decisions will be taken as a team and no one should think themselves as an individual. Teamwork is our primary focus.
- All group members must be punctual in meetings and if not then must come with genuine reasons.
- Everyone is free to share their idea and suggest changes in the ongoing work.
- The team will work hard to keep up with everyone and help them to match the pace in which others are working.
- It's job of group members to keep each other updated about project and explain their work to others.
- Equal contribution must be made in order to deliver an integrated and successful work.
- The project will be completed by setting up mile stones and short term goals.
- The core motive of the group is equal technical development and learning. Everyone is abiding to respect fellow group members.
- The project will be available on GitHub and open for all group members to contribute and see the project development.
- To communicate with team mates we will be using "Telegram" and Google Group. To keep the progress record and tasks we will use "Trello".
- The group will prepare for any presentation in two days prior and will try to improve everyone's presentation skills.

Meeting days and timings:

- Wednesday – 10:30 am to 12:00 pm
- Saturday – 10:30 am to 12:00 pm
